CCCT Student Management System

About CCCT

Cosmopolitan College of Commerce & Technology (CCCT) was established in August 2004 in response to a growing demand for quality human resource training and development services in the country. CCCT is one of the best and the largest higher education and professional training provider in Brunei. CCCT is an approved center of the Brunei Darussalam National Accreditation Council and has been awarded as the "Best Training Centre" by Informatics Academy, Singapore.

Going forward with the digital age they wanted to uncompllicated the student management system and improve the facilities offered to students and faculty.

CCCT's Requirement

Cosmopolitan College of Commerce & Technology (CCCT), Brunei used to manually manage their daily operations. Maintaining student information and handling CCCT's relevant data were cumbersome and prompted CCCT to go for a student management system.

CCCT required a student management application with the following capabilities:

Support end to end student management

Generate Reports for management

Seamless work with existing backend systems

Registration of student to Ministry of Education, Brunei

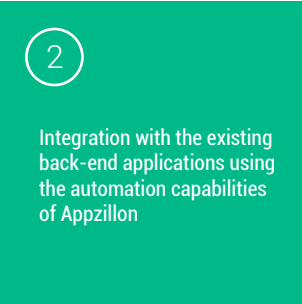

Platform independence

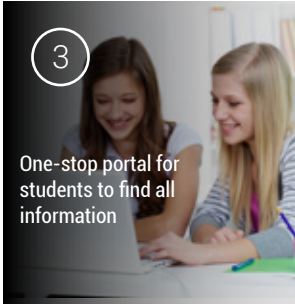

i-exceed's Solution

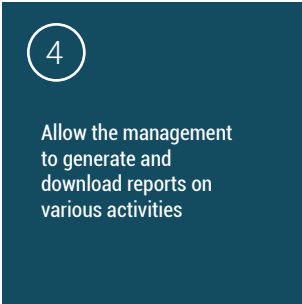

Using Appzillon, i-exceed's flagship Mobile Application Development Platform (MADP), the multi-module student management system was built with ease.

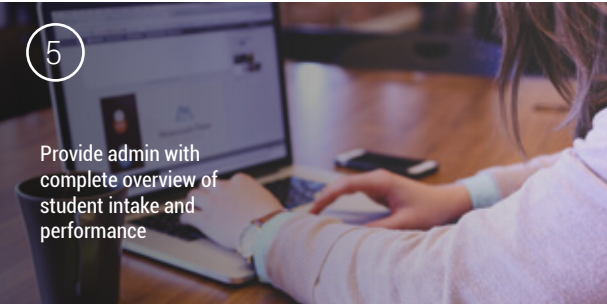

The salient features of the student management system application are:

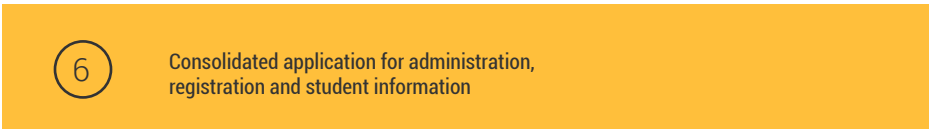

- 

1
Unified user experience across mobile and web platforms
- 

2
Integration with the existing back-end applications using the automation capabilities of Appzillon
- 

3
One-stop portal for students to find all information
- 

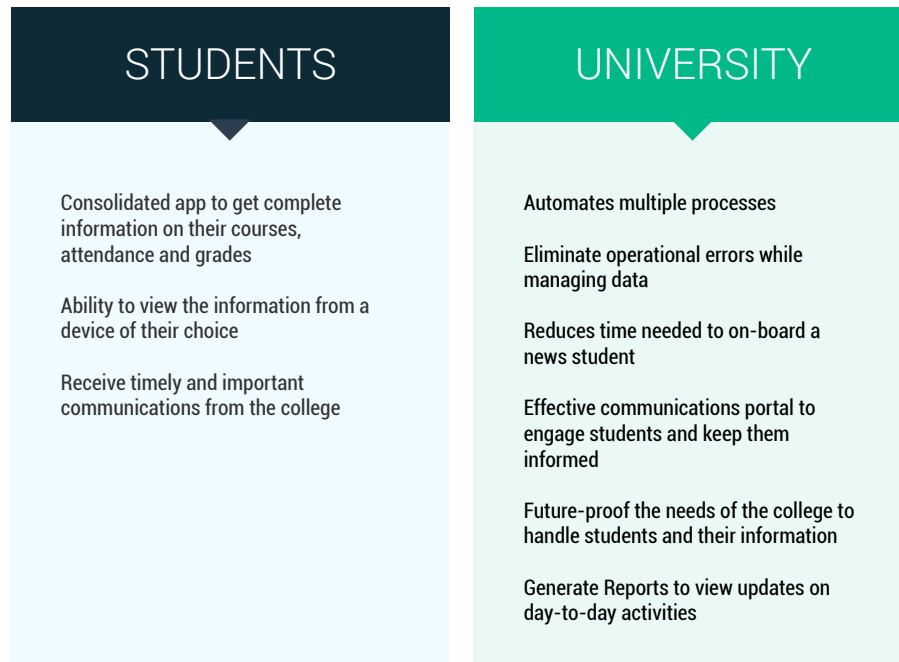

4
Allow the management to generate and download reports on various activities
- 

5
Provide admin with complete overview of student intake and performance
- 

6
Consolidated application for administration, registration and student information

Result

Benefits of CCCT Student Management System:

About i-exceed

i-exceed technology solutions is a niche technology products company with primary focus on the financial services industry.

Appzillon, the flagship product, consists of Appzillon Development Platform and Appzillon Digital Banking Suite. The development platform enables rapid delivery of cross-channel applications using a unique automated process. The digital banking suite consists of pre-built solutions that enable banks to offer end-to-end digital experience for their end customers and internal users.

Appzillon is powering over 25 financial institutions worldwide and is recognized as a key player in the MADP and adjacent markets by Gartner.
